Thank You for your Support!

As of this Friday morning, King County is reporting a **67% approval** of the **Snoqualmie Valley school bond**. Although the election will officially certify on March 25, we're thrilled that the bond is passing by such a healthy margin. I want to thank the hundreds of citizens who supported their schools and took the time to vote in the election. This strong showing at the ballot box during what is a difficult economic time for many is indicative of this community's support for its schools and children. The facilities improvements funded through this proposition will strengthen our schools and our community. Most importantly, your students will be the beneficiaries, as we continue to provide for them the best educational experience possible. Thank you again for supporting your schools.

The PTSA Headline News is now Paperless!

In an effort to save paper and be more environmentally friendly, the Headline News will no longer be printed out and sent home with a child from each family. Instead, **PTSA members** will receive the PTSA newsletter via email from the PTSA presidents **every Friday**. You can also find it on the PTSA website, fcesptsa.org, and print it out from there.

Thanks for understanding and for helping us go paperless. If for some reason you would still like a printed copy sent home with your child, please contact Chris Butler (cjdbutler@centurytel.net) or Renea Gieseke (RGieseke@msn.com).
